

Prepare Yourself for California's Consumer Privacy Act

March 25, 2019

Sanford Shatz (Irvine) will co-present “Prepare Yourself for California’s Consumer Privacy Act” on March 25 at the National Reverse Mortgage Lenders Association (NRMLA) Western Regional Meeting in Huntington Beach, CA. In less than a year, the most comprehensive consumer privacy law ever passed in the United States — the California Consumer Privacy Act (CCPA) of 2018 — takes effect. If you collect data on California consumers — regardless of where you are physically located — you may be impacted. Sandy will provide a detailed analysis of the law.
